Subject: Niagara Falls Boulevard & Holy Trinity Cemetery: Overtime/Comp Request Pay Period 17 2017

Good Afternoon:

Below is the estimated overtime for Niagara Falls Boulevard Site and Holy Trinity Cemetery Demobe activities based on the schedule I have worked out with property owners, operators and contractors. Overtime and Travel Comp Requested is just an estimate.

Thanks.

Travel Date Range: 07/30/2017(Pay Period16) through 08/13/2017 (Pay Period 17)

Travel Comp Requested for PP 17:

8/13/2017: **8 Hours**

Overtime Hours Requested for PP 17:

08/06/2017: Estimated **10 Hours**

08/07/2017 through 08/11/2017: Estimated 2 hours per day (**10 hours OT**)

08/12/2017: Estimated **8 Hours**

Total Overtime Hours Estimated: 28 Hours

If I am not approved for any overtime already submitted or future OT anticipated, I need to know ASAP. This will change anticipated work schedules and other aspects of the site.

Justification:

OSC Daly will be traveling on 07/30/2017 via GOV to Niagara Falls, NY for Niagara Falls Boulevard Site to continue oversight of radioactive material disposal and transport from NFB Site . Besides removal of remaining sample material at the site, demobilization of office trailers, equipment trailers, Conex Boxes and any other EPA/Contractor equipment/material will be conducted during this two week period. All trailers, container and equipment will have to be radiologically cleared prior to demobilization.

Portions of HTC Site need to be secured with fencing since startup of EPA activities at the site are unknown. This fence installation will be conducted during this two week period.

Public Affairs meetings after normal business hours may be necessary due to the demobilization announcement.

In order to maximize travel time, resources, EPA funding, property owner scheduling and contractor scheduling, all this work will be conducted continuously within this time range. It will require at least 9 to 10 hour work days to complete the described work during the regular work week. Work is also scheduled during the weekend to accomplish the workload with

consideration of the businesses and public in the time period. EPA is also working with private residences/Town of Lewiston at the Holy Trinity Cemetery Site. This work may also require accommodations outside normal business hours and additional overtime for personnel.

As in past request, the worst case scenario for overtime is requested but is dictated by the timing of the work and cannot be scheduled exactly.

Regards,

Eric
